

Identifying Bid Opportunities

There are several ways to identify bid opportunities based on the information you have available. This guide will provide you with step-by-step instructions for searching for and identifying bid opportunities for each of these situations:

You have received an email notification of a bid opportunity	2
You want to see what opportunities are out there for your company	6
You know the organization that often buys your product or service and would like to see what they are buying	10
You know the name of the procurement officer buying the product/service	11
Searching Using the Public Search Functions	12
Browsing Open Bids from the eMM Homepage	13

Step-by-step procedures for identifying bid opportunities for each of these situations can be found on the referenced page.

You Have Received an Email Notification of a Bid Opportunity

The email will be sent from emaryland@maryland.buyspeed.com. To ensure emails are not placed in a spam folder, it may be a good idea to add this recipient to your contacts list.

Within the email you will notice a few key pieces of information:

Requesting Department: This is the organization that is purchasing the goods/services.

Buyer Name: This is the person that is taking lead on the procurement from the requesting department.

Buyer Phone and Buyer Email: Contact information for the buyer.

Bid Number: This is the number assigned to the bid by eMaryland Marketplace. It is important to note that many user organizations also assign their own bid numbers to solicitations. This alternate bid number can be found in the Alternate ID field on the bid solicitation.

Description: A short description of the bid that is being solicited. This field contains the searchable data when performing a keyword search.

Opening Date/Time: This is the time the bid closes to the public. After this date/time bids will not be accepted.

Available Date/Time: This is the time the bid is available for viewing on eMaryland Marketplace.

To locate this bid in eMaryland Marketplace, you may use any of the information contained in this email; however, the most direct way to locate the bid is by using the Bid Number.

Note: although you are able to search for bids by using the public search functions, we recommend that you always log into your eMaryland Marketplace profile before reviewing any bid opportunities.

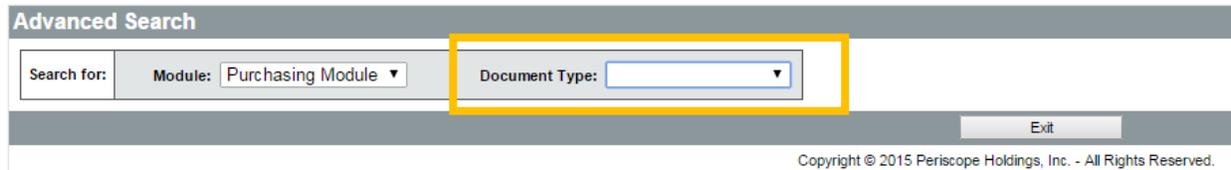

After logging into eMaryland Marketplace, select the Seller tab. If Seller is the only role you have been assigned, this will be your only option and will already be selected for you.

To search for the solicitation, click on the  icon.

The Advanced Search screen will appear.

From the Document Type Box, select **Bids**.

The bid search screen will appear.

From the bid search screen, you have the option of searching for bid solicitations using a variety of criteria:

Bid #: You may search by the eMaryland Marketplace Bid #. This information is included in the notification email.

Bid Description: You may search by keywords in the bid description. This information is included in the notification email.

Organization: You may search by the organization that is soliciting the bid. This information is included in the notification email.

Department: If you know the specific department within the organization that is soliciting the bid, you may search using this information; however, this search method may not be as valuable as other options available.

Location: This option is only available if you select a department.

Type Code: This is the coding selected by the procurement officer when creating the bid solicitation. Because vendors may not know the method selected, vendors should avoid using this field when searching for solicitations.

Catalog: This search function is not currently available in eMM.

Purchase Method: This is the purchase method entered by the procurement officer when creating the bid solicitation. Because vendors may not know the method selected, vendors should avoid using this field when searching for solicitations.

NIGP Class, NIGP Item, and Commodity Code: You may search for bids using the NIGP codes entered when the procurement officer created the solicitation. Using this search criteria will be discussed further later in this QRG.

Bid Opening Date: You may search by entering the date the bid is set to open. This information is included in the notification email.

Purchaser: You may search by selecting the name of the procurement officer from a drop-down list. This information is included in the notification email.

The search results will display important information including: the eMaryland Marketplace bid number, a description of the bid, the bid opening date, the organization that is buying the product/service, the name of the purchaser, and the status. Note: a bid in Sent status means the bid has been published and is open for vendors to submit bids. For a full listing of status descriptions, refer to the eMaryland Marketplace Definitions Quick Reference Guide.

To review the full bid solicitation, click the red bid number link.

b) Searching For Bid Opportunities by Bid Description

You may search for open bid opportunities by performing a search of the bid description by typing in a keyword or phrase in the Bid Description box of the advanced search screen (step-by-step procedures

below). *Note: when searching for bids by Bid Description, your results may be limited if the word or phrase does not match the description entered by the procurement officer.*

To search by bid description, follow the instructions above to get to the Advanced Search box.

In the Bid Description box, type in a keyword or phrase. Select **Find It**.

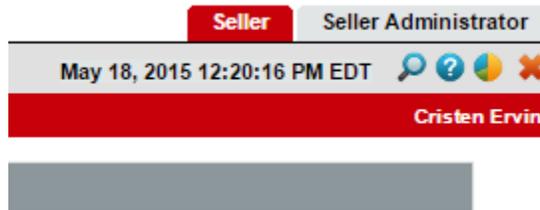

The screenshot shows the 'Advanced Search' interface. At the top, there are dropdown menus for 'Module' (set to 'Purchasing Module') and 'Document Type' (set to 'Bids'). Below this is a 'Search Using:' dropdown set to 'ALL of the criteria'. There are 'Find It' and 'Clear' buttons. The main search area contains several fields: 'Bid #' (text), 'Bid Description' (text, highlighted with a yellow box), 'Organization' (text), 'Department' (dropdown), 'Location' (dropdown), 'Type Code' (dropdown), 'Catalog' (dropdown), 'Purchase Method' (dropdown), 'NIGP Class' (dropdown), 'NIGP Item' (dropdown), and 'Commodity Code' (text with a search icon). On the right side, there are 'Bid Opening Date(MM/DD/YYYY)' (calendar), 'Purchaser' (dropdown), and 'Entered Date(MM/DD/YYYY)' (calendar). At the bottom, there are 'Find It' and 'Clear' buttons.

Because this search method relies completely on how the procurement officer enters the description of the bid, the results may not accurately show all available opportunities. It is recommended that businesses do not solely rely on this search method when attempting to identify bid opportunities. Refer to a) and b) above for additional methods.
