- Note that if using Internet Explorer, the webinar will immediately play in Windows Media Player. If using another browser, the user will be prompted to download the files first, and then you can play them.

Notification of Bid Opportunities

To ensure receipt of notifications about Bid opportunities or to be issued Purchase Orders (POs) through EMaryland Marketplace, you must make sure your information is current within the system. You can do this by accessing the EMaryland Marketplace login screen and signing in with your unique Login ID and Password.

Who Can Update Vendor Data?

Upon logging into EMaryland Marketplace with your unique Login ID and Password, you may update your company's vendor data if you have the role of **Seller Administrator**. To update your company's data, click on the **Seller Administrator** tab if it displays. NOTE: Users without the role of Seller Administrator can only update their personal information by clicking on **My Account**.

Seller Administrators are presented with five initial options on their **Homepage**:

By clicking on the **Maintain Organization Information**, Seller Administrators can update company general information, addresses, terms, categories/certifications, and commodities provided. Please refer to other quick reference guides to learn how to maintain/add users or to add an associated/DBA company to your profile.

The following guides you through the steps to update your company's general information:

Maintain General Organization Information

EMaryland Marketplace will track general information about your company, including business description, primary email/fax, and information you may choose to provide as an Emergency Supplier (authorizing the State to contact you 24/7 for emergency orders). This data may be updated by clicking on **Maintain General Organization Information**.

Maintain General Organization Information

Updating Commodity Codes and Services

To update information you have provided the State about which goods and services you offer, click the **Maintain Commodity Codes and Services** icon. This will help ensure that you receive notifications about Bid opportunities for those commodities and services. From this screen, you can either **Display Inactive Commodity Codes** to view any codes you had previously registered for, but that the State no longer uses for vendor searches.

For most updates, you should click **Maintain Commodity Codes**. You will see a list of commodities and services you previously registered for. You can deactivate current commodities, or add new commodities by clicking **Add Additional Codes** to reach the **Commodity and Services Codes** screen.

The **Commodity and Service Codes** screen allows you to search for the National Institute of Governmental Purchasing (NIGP) Codes that correspond with what your entity offers. You can peruse through general categories of commodities and services, or search by keyword. Once you've selected all the codes that match what you provide, select **Save** or **Save and Add More**.
