22 until paid in full. The principal shall be discharged within 15 years after the date of issue

26 matching funds as specified. No part of a grantee's matching fund may be provided, either
27 directly or indirectly, from funds of the State, whether appropriated or unappropriated.
28 Except as otherwise provided, no part of the fund may consist of real property, in kind
29 contributions, or funds expended prior to the effective date of this Act. In case of any dispute
30 as to what money or assets may qualify as matching funds, the Board of Public Works shall
31 determine the matter, and the Board's decision is final. Grantees have until June 1, 2021,
32 to present evidence satisfactory to the Board of Public Works that the matching fund will
33 be provided. If satisfactory evidence is presented, the Board shall certify this fact to the
34 State Treasurer and the proceeds of the loan shall be expended for the purposes provided in

9 shall grant and convey to the Maryland Historical Trust a historic preservation easement
10 on the property where the capital project assisted by the bond proceeds is located if the
11 Director of the Trust determines that the capital project impacts real property that is
12 individually listed in, or eligible for individual listing in, the Maryland Register of Historic
13 Properties, unless the Director of the Trust also determines that the real property:

14 (i) Is a type that is already adequately represented among the
15 Trust's existing easement properties;

16 (ii) Is already subject to adequate protections of historic
17 preservation law or instrument; or

18 (iii) Has conditions peculiar to it that make requiring an easement
19 impractical.

21 easement on the leasehold interest.

22 (c) The easement must be in form, substance, and duration acceptable to
23 the Director of the Trust.

29 review.

30 (7) The proceeds of the loan must be expended or encumbered by the Board of
31 Public Works for the purposes provided in this Act no later than June 1, 2026. If any funds
32 authorized by this Act remain unexpended or unencumbered after June 1, 2026, the amount
33 of the unexpended or unencumbered authorization shall be canceled and be of no further
34 force and effect. If bonds have been issued for the loan, the amount of unexpended or
35 unencumbered bond proceeds shall be disposed of as provided in § 8–129 of the State
36 Finance and Procurement Article.

37 (8) Multiple grants provided to the same organization in this Section are in

addition to one another. Unless otherwise provided, any matching fund requirements apply to each individual grant.

(9) (a) Subject to subparagraphs (b) and (c) of this paragraph, the Board of Public Works may approve an appropriation in Section 1(3) Items ZA00 through ZB02 above notwithstanding technical differences in:

(i) The name of the grantee or the description of the project, provided that the proposed use of funds is consistent with the public purpose of the original appropriation; or

(ii) The location of the project, provided that the proposed location is within the county specified in the original appropriation.

(b) The Department of Budget and Management shall notify the Office of Policy Analysis within the Department of Legislative Services in writing of:

(i) The technical differences between an appropriation in Section 1(3) Items ZA00 through ZB02 above and the proposed use of the funds; and

(ii) The justification that the proposed use of the funds is consistent with the public purpose of the appropriation.

(c) (i) The Office of Policy Analysis shall have 45 days to review and comment on the proposed use of the funds.

(ii) If the Office of Policy Analysis does not submit written objections within 45 days, the Department of Budget and Management shall provide certification in writing to the Board of Public Works that the proposed use of funds may be approved notwithstanding technical differences in the appropriation in Section 1(3) Items ZA00 through ZB02 above.
