(Montgomery County)

(A)	New Montgomery County Detention Center. Provide a grant to the County Executive and County Council of Montgomery County to continue design of a new detention center, subject to the requirement that the grantee provide an equal and matching fund for this purpose	1,897,000
-----	---	-----------

(4) An annual tax is imposed on all assessable property in the State in rate and amount sufficient to pay the principal of and interest on the bonds, as and when due and until paid in full. The principal shall be discharged within 15 years after the date of issue of the bonds.

(5) (a) Prior to the payment of any matching grant funds under the provisions of Section 1(3) Items ZA00 through ZB02 of this Act, grantees shall provide and expend matching funds as specified. No part of a grantee's matching fund may be provided, either directly or indirectly, from funds of the State, whether appropriated or unappropriated.

Except as otherwise provided, no part of the fund may consist of real property, in kind contributions, or funds expended prior to the effective date of this Act. In case of any dispute as to what money or assets may qualify as matching funds, the Board of Public Works shall determine the matter, and the Board's decision is final. Grantees have until June 1, 2026, to present evidence satisfactory to the Board of Public Works that the matching fund will be provided. If satisfactory evidence is presented, the Board shall certify this fact to the State Treasurer and the proceeds of the loan shall be expended for the purposes provided in this Act. If this evidence is not presented by June 1, 2026, the proceeds of the loan shall be applied to the purposes authorized in § 8–129 of the State Finance and Procurement Article.

(b) It is further provided that when an equal and matching fund is specified in Section 1(3) Items ZA00 through ZB02 of this Act, grantees shall provide a matching fund equal to the lesser of (i) the authorized amount of the State grant or (ii) the amount of the matching fund certified by the Board of Public Works. If satisfactory evidence is presented, the Board shall certify this fact and the amount of the matching fund to the State Treasurer and the proceeds of the loan equal to the amount of the matching fund shall be expended for the purposes provided in this Act. If this evidence is not presented by June 1, 2026, the proceeds of the loan shall be applied to the purposes authorized in § 8–129 of the State Finance and Procurement Article. The proceeds of any amount of the loan in excess of the matching fund certified by the Board of Public Works shall also be applied to the purposes authorized in § 8–129 of the State Finance and Procurement Article.

(6) (a) Prior to approval by the Board of Public Works of an expenditure of bond proceeds authorized under Section 1(3) Items ZA00 through ZB02 of this Act, the grantee shall grant and convey to the Maryland Historical Trust a historic preservation easement on the property where the capital project assisted by the bond proceeds is located if the Director of the Trust determines that the capital project impacts real property that is individually listed in, or eligible for individual listing in, the Maryland Register of Historic Properties, unless the Director of the Trust also determines that the real property:

(i) Is a type that is already adequately represented among the Trust's existing easement properties;

(ii) Is already subject to adequate protections of historic preservation law or instrument; or

(iii) Has conditions peculiar to it that make requiring an easement impractical.

(b) If the grantee holds a lease on the property, the Trust may accept an easement on the leasehold interest.

(c) The easement must be in form, substance, and duration acceptable to the Director of the Trust.

(d) (i) A recipient may administratively appeal to the Maryland

Historical Trust Board of Trustees a determination made by the Director of the Trust under subparagraph (a) of this paragraph.

(ii) The decision made by the Maryland Historical Trust Board of Trustees on an appeal is final and is not subject to further administrative appeal or judicial review.

(7) The proceeds of the loan must be expended or encumbered by the Board of Public Works for the purposes provided in this Act no later than June 1, 2031. If any funds authorized by this Act remain unexpended or unencumbered after June 1, 2031, the amount of the unexpended or unencumbered authorization shall be canceled and be of no further force and effect. If bonds have been issued for the loan, the amount of unexpended or unencumbered bond proceeds shall be disposed of as provided in § 8–129 of the State Finance and Procurement Article.

(8) Multiple grants provided to the same organization in this Section are in addition to one another. Unless otherwise provided, any matching fund requirements apply to each individual grant.

(9) (a) Subject to subparagraphs (b) ~~and (c)~~ through (e) of this paragraph, the Board of Public Works may approve an appropriation in Section 1(3) Items ZA00 through ZB02 of this Act, notwithstanding ~~technical~~ differences in:

(i) The name of the grantee or the description of the project, provided that the proposed use of funds is consistent with the public purpose of the original appropriation; or

(ii) The location of the project.

(b) ~~The~~ When the difference in the name of the grantee is nonsubstantive and the identity of the grantee can be determined, and when the difference in the description of the project is nonsubstantive and is consistent with the public purpose of the original appropriation, the Department of General Services shall record the correct grantee identification and project description in the grant agreement entered into by the grantee with the State of Maryland and recorded with the Board of Public Works. In all other instances of differences provided in subparagraph (a) of this paragraph, the Department of Budget and Management shall notify the Office of Policy Analysis within the Department of Legislative Services in writing of:

(i) The ~~technical~~ differences between an appropriation in Section 1(3) Items ZA00 through ZB02 of this Act and the proposed use of the funds; and

(ii) The justification that the proposed use of the funds is consistent with the public purpose of the appropriation.

(c) (i) The Office of Policy Analysis shall have 45 days to review and

comment on the proposed use of the funds.

(ii) If the Office of Policy Analysis does not submit written objections within 45 days, the Department of Budget and Management shall provide certification in writing to the Board of Public Works that the proposed use of funds may be approved notwithstanding ~~technical~~ differences in the appropriation in Section 1(3) Items ZA00 through ZB02 of this Act.

(d) It is the intent of the General Assembly that the provisions of this paragraph:

(i) provide an administrative process authorizing the approval of grants by the Board of Public Works, provided that the proposed use of funds is consistent with the public purpose of the original appropriation; and

(ii) be applicable to this Act and all prior Maryland Consolidated Capital Bond Loans.

(10) Notwithstanding § 8–122.1 of the State Finance and Procurement Article, the principal amount of any loan authorized under this Act shall be reduced by the cash proceeds, excluding any accrued interest, received for the State bonds and allocated by the Comptroller to the loan.

(11) Notwithstanding §§ 8–125(e) and 8–132 of the State Finance and Procurement Article, the State Treasurer shall determine the amount of premium from the sale of bonds in fiscal year 2025 to be transferred to the Annuity Bond Fund. Upon each issuance of State bonds in fiscal year 2025, the Treasurer shall notify the Comptroller of the Treasurer’s determination and the Comptroller shall credit the premium accordingly. Premium from the sale of bonds in fiscal year 2025 that is not transferred to the Annuity Bond Fund may, upon approval of the Board of Public Works, be expended by the Comptroller for any of the public purposes set forth in Section 1(3) of this Act, including any applicable architects’ and engineers’ fees.

SECTION 3. AND BE IT FURTHER ENACTED, That the General Assembly declares that it is the public policy of this State to manage State general obligation bond debt in a manner that will maintain Maryland's AAA bond rating. Before spending any funds appropriated by this Act, the agency or institution shall certify its efforts to the Board of Public Works and state the reason for any failure to obtain federal funds. If federal funds are obtained, they shall be used to defray the costs of the project described in this Act and not to expand its scope.
