Data Solutions

CodeNet RescueNet

8000-0609-01	Code Review is used to examine the clinical defibrillator record after the patient encounter. Code Review presents any data collected by the defibrillator to the user, including CPR Quality and waveform data. The Enterprise version of Code Review includes visualization of 12 Lead and Snapshots, which is why it is recommended for users doing an examination of the clinical data from ALS devices. Code Review is released periodically to the public ZOLL website. Installing this public version will update your installation of Code Review Enterprise. Software Maintenance is not available for this product.	CODENET	2,495.00	2,370.25	5
