 ccollier@bism.org

Introduction

A significant portion of products offered by Blind Industries & Services of Maryland are Green Seal or EcoLogo certified, or otherwise environmentally preferred. BISM is dedicated to developing additional environmentally safe/preferred products and is constantly testing new products that promote a better environment.

GREEN PRODUCTS SPOTLIGHT & SPECIALS

BISM has been working very closely with Department of General Services to establish Green product specifications for all State of Maryland agencies. All products listed in green meet defined specifications.

BISM has multiple product offerings in all Green products. This, however, does not limit your ability to buy any product from BISM's Master List.

EVERY PURCHASE MAKES A DIFFERENCE!

How can I find green products from BISM? (www.bism.org)

Information on the state contract, including BISM contacts, is on the BISM website when selecting "State" in the top menu and then clicking "[Shop Today](#)."

Some green products can be found on this page by clicking the "[Go Green](#)" BISM logo which will direct you to this page of search results.

"Green Certified" in the individual product description will indicate third party certification such as Green Seal or EcoLogo.

Product	Eco-Label and Environmental Claim	BISM #
