

HOW TO USE THIS DOCUMENT:

This document sets requirements for grasses, shrubs, trees, vines, and other plants used for landscaping on State grounds (including prohibitions of invasive plants, shrubs, and trees) with which Contractors are required to comply.

PRODUCTS COVERED UNDER THIS SPECIFICATION:

Grasses, Shrubs, Trees, Vines, and Other Plants Used for Landscaping

Maryland Green Purchasing Committee Approved Specification – Landscaping Plants TABLE OF CONTENTS:

1.	ENVIRONMENTALLY PREFERABLE PURCHASING: LEGISLATION, STATUTES,	,
AN]	D REGULATIONS	3
2.	PROHIBITIONS- INVASIVE PLANTS	3
3.	ENVIRONMENTALLY DESIRABLE ATTRIBUTES	9
4.	ENVIRONMENTALLY PREFERABLE PURCHASING LANGUAGE	10

1. ENVIRONMENTALLY PREFERABLE PURCHASING: LEGISLATION, STATUTES, AND REGULATIONS

For Procurement Officers and Agencies

Environmentally Preferable Purchasing (COMAR 21.11.07.09)

"All procurement agencies shall purchase environmentally preferable products and services unless purchasing environmentally preferable products and services would limit or supersede any requirements under any provision of law or result in the purchase of products and services that:

- (1) Do not perform adequately for the intended use;
- (2) Exclude adequate competition; or
- (3) Are not available at a reasonable price in a reasonable period of time."

Procurement – Invasive Plant Species – Prohibition on Use of State Funds (State Finance and Procurement Article § 14-417(a))

State funds may not be used to purchase or plant an invasive plant species for an outdoor project unless the plant species is commonly used for agricultural or horticultural purposes and is being maintained for the purposes of education or research.

"Each entity that receives State funding and each State Agency shall prioritize, whenever possible, the use of plants native to the State for every planting project."

For Contractors, Bidders, and Offerors

Pollinator Protection Act of 2016 (Agriculture Article §5–2A–02)

The sale and use of neonicotinoid pesticides is prohibited in the State, with certain exceptions.

2. PROHIBITIONS- INVASIVE PLANTS

The following plants are prohibited for the procurement or use in outdoor projects pursuant to Md. Code Ann., State Fin. and Proc. (SFP), § 14-417. This prohibition does not apply "if the plant species is commonly used for agricultural or horticultural purposes and is being maintained for the purposes of education or research." SFP § 14-417(b).

Reissued: November 2022

National Park Service's and U.S. Fish and Wildlife Service's Plant Invaders of Mid-Atlantic Natural Areas University of Maryland

^{**} Invasive plants as identified by the <u>National Park Service's and U.S. Fish and Wildlife Service's Plant</u> Invaders of Mid–Atlantic Natural Areas.

^{*} Tier 1 and Tier 2 plants identified by the Department of Agriculture pursuant to Md. Code Ann., Agriculture § 9.5-301 (as of June 2020) can also be found <u>here</u>.

3. Minimum Requirements for the Selection of Landscaping Plants

The Contractor must use plants, shrubs, trees, and vines that are native to the State of Maryland for any and all landscaping projects. Further, the installation of invasive plants is prohibited; see Section 2 of the Maryland Green Purchasing Committee Approved Specification for Landscaping Plants. This prohibition, however, does not apply to situations where the plant species is commonly used for agricultural or horticultural purposes and is being maintained for the purposes of education or research.

The Contractor shall use the following sources to correctly identify plants native to the State of Maryland:

- Chesapeake Bay Native Plant Center;
- Lady Bird Johnson's Wildflower Center- Recommended Plants for Maryland;
- Maryland Native Plant Society's Publication on Landscaping with Native Plants;
- U.S. Fish and Wildlife Service's Chesapeake Bay Field Office, <u>Native Plants for Wildlife Habitat</u> and <u>Conservation Landscaping</u>; and
- University of Maryland Extension's <u>Recommended Native Plants for Maryland.</u>

4. ENVIRONMENTALLY PREFERABLE PURCHASING LANGUAGE

Instruction to Procurement Officers: Please include the following language in your solicitation if it does not already exist.

A. On Environmentally Preferable Purchasing:

Reissued: November 2022

The State of Maryland is committed to purchasing environmentally preferable products and services (EPPs). Maryland's State Finance & Procurement Article §14-410 defines environmentally preferable purchasing as "the procurement or acquisition of goods and services that have a lesser or reduced effect on human health and the environment when compared with competing goods or services that serve the same purpose."

Accordingly, Bidders/Offerors are strongly encouraged to offer EPPs to fulfill this contract, to the greatest extent practicable.

B. On Maryland's Green Purchasing Reporting Requirements:

The State of Maryland requires, at a minimum, from the Contractor annual sales data over the life of this contract; the State also reserves the right to request quarterly sales data over the life of this contract.

The report shall include, at a minimum, details about the third-party sustainability certifications and other environmental attributes of products and services sold on this price agreement per the contract specifications.

To facilitate consistent reporting on this contract, the Contractor will be provided with a VENDOR GREEN SALES REPORT template from the Green Purchasing Committee (GPC), the Office of State Procurement (OSP) or the Department of General Services (DGS).

C. On Environmental Claims

All environmental benefit claims made by the Contractor concerning products or services offered on this contract must be consistent with the Federal Trade Commission's Guidelines for the Use of Environmental Marketing Claims.
